

## 1. Start Barn

Children are adorned with work aprons and a Pioneer hat they get to keep as a souvenir. They grab a harvesting basket and are guided to the Garden.

## 2. Garden

Armed with gardening tools, children plant vegetable seeds in one part of the garden, then harvest ripe veggies from another to sell at the Farmers' Market.

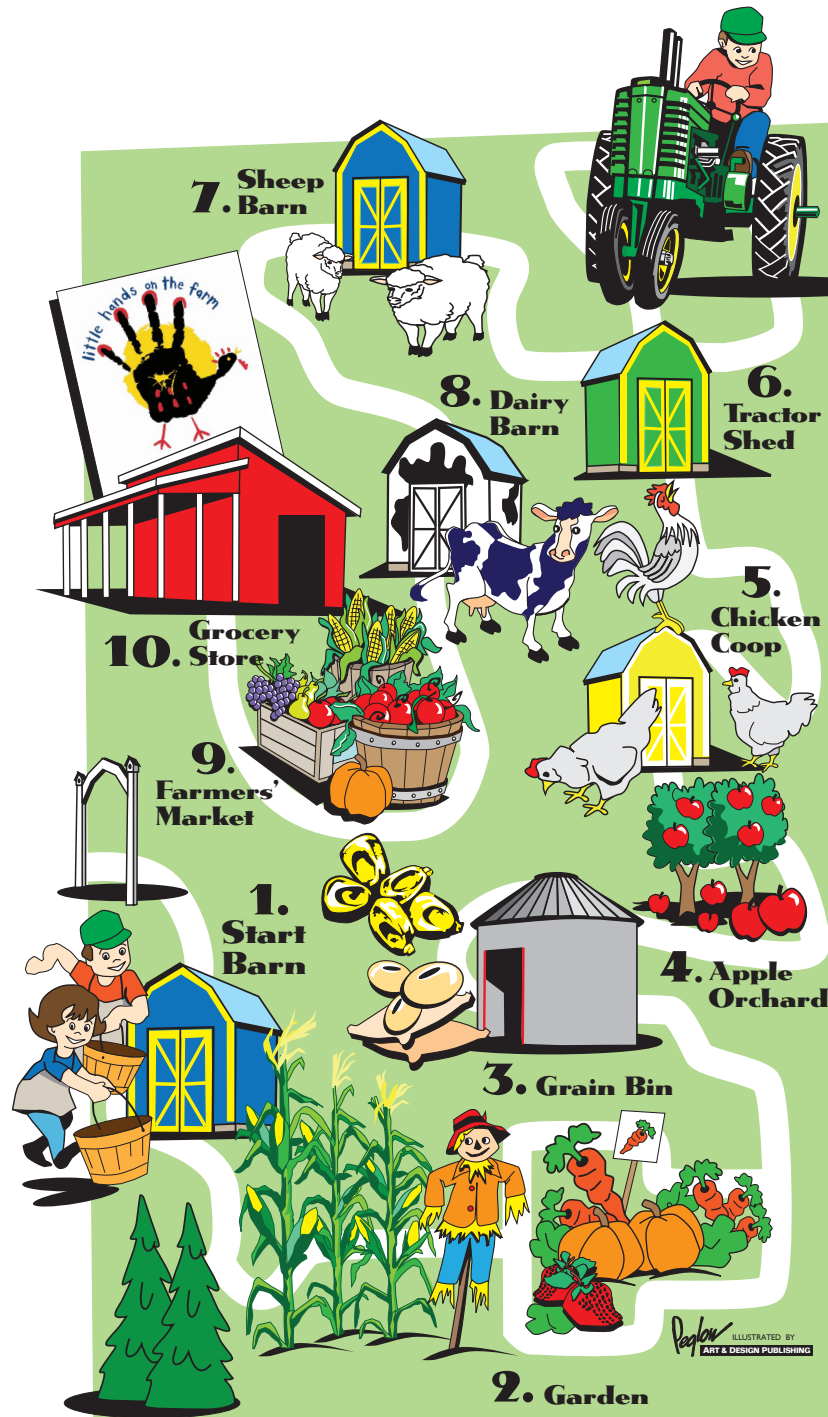

## 3. Grain Bin

The animals need to be fed and soy diesel needs to be made, so children collect a bag of corn and a bag of soybeans. They put these bags in their basket and proceed to the next area.

## 4. Apple Orchard

Children pick an apple either from the tree or off the ground and place the apple in their basket.

## 5. Chicken Coop

Children collect an egg from the hens and place the egg in their basket.

## 6. Tractor Shed

Children dump their soybeans in the bin and fill their John Deere tractors with soy diesel, then hop on and pedal around the track.

## 7. Sheep Barn

Children learn how wool is used for clothing while collecting a bag of wool for their basket.

## 8. Dairy Barn

Children dump their corn in Bessie's feed pan and proceed to milk her. Then they pick up a milk carton for their basket.

## 9. Farmers' Market

Children take their full baskets and place their goods in corresponding baskets while hanging up their work apron. For their chores, children are given a Little Hands on the Farm dollar to spend at the Grocery Store.

## 10. Grocery Store

Children can use their Little Hands on the Farm dollar to buy such items as an apple, cereal, milk or ice cream.
