### SHOW PROCEDURE

37. A farm, family, firm or partnership may show up to 24 head - no limit on number shown by one exhibitor in an individual class. 4-H and FFA heifers shown in Open Class shall count toward the limitation of 24 head.

38. Classes in each breed will be determined after all entries are in - based on total number shown. As nearly as practical, classes will be set at 15 head, based on date of birth.

39. Exhibitors should be to the show ring in a timely manner. Ring staff reserves the right to close the class as deemed appropriate. Absolutely NO entries may enter the ring once a class has begun to be placed.

40. Only one person per animal shall lead an animal in the show ring.

41. All male breeding cattle must be weighed (female optional) at the show, prior to showing, and exhibit cards will carry this information.

42. Determination will be made after classes are made up as to which class winners will compete for each championship award.

43. An Iowa Champion Bull and Female will be selected from the highest placing Iowa bred and owned or co-owned division winners in each breed.

44. **Group classes** will be provided in some breeds as follows and can be entered after arrival at Fair.

   Produce of Dam: Two or more animals with same dam, shown in individual classes, may be owned by more than one exhibitor.

   Junior Get of Sire: Three animals by one sire, both sexes represented, shown in Junior classes (first one-half of the classes, or in case of odd number of classes, one-half plus one).

   Get of Sire: Four animals, by one sire, both sexes represented, may be owned by more than one exhibitor.

   Five Head: Any age, bred and owned or co-owned by exhibitor.

   (Exhibitor is limited to two entries in each group class, but an exhibitor may make only one entry by the same sire in each Get of Sire class. All animals showing in groups must have been exhibited in individual classes.)
OPEN CLASS BEEF CATTLE SPECIALS

The Iowa Beef Breeds Council will award $500 to the junior exhibitor of the highest ranking heifer purchased from each breed sale at the 2020 Iowa Beef Expo and exhibited at the 2020 Iowa State Fair. Heifers will be ranked at the discretion of each breed association under the following conditions:
1. The heifer must have been purchased in an Iowa Beef Expo sanctioned sale and exhibited by a junior at the 2020 Iowa State Fair.
2. Only one heifer per breed sale (12 total) will be awarded. Therefore, high and low percentage cattle will be considered for one reward. Furthermore, cattle with multiple registrations may only be awarded by the breed association which sold those cattle at the 2020 Iowa Beef Expo.

PREMIUM SCHEDULE

Open Class Beef breed premiums (excluding Prospect Calf and Super Bull) paid by the Iowa State Fair in each individual or group class will be based on the schedule below:

State Fair premiums (excluding Prospect Calf and Super Bull) in Iowa Special Classes (for animals bred and owned or co-owned in Iowa) will be made in accordance with placings in Open Classes, according to the schedule below. CHAMBERLAIN - DIVISION 3

SPECIAL ANGUS RULES

1. A minimum of 50 head must be shown in the Open Class Division to receive American Angus Association premium participation for the following year.
2. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show record and provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association’s portion of premiums. The Association does not pay on championship or any group classes (i.e. get of sire, junior get of sire or breeder six head).
3. Exhibitors must have the original registration certificate issued by the American Angus Association available for inspection at the show for each animal or another current proof of ownership issued by the American Angus Association. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Any animal found to be in violation will be barred from showing.
4. Any female shown with calf at side: the calf must be the cow's most recent natural calf and the calf must be registered by show day and have proof of registration at check-in.
5. Any female that qualifies for female classes in the Association’s standard classifications is not eligible to show in the cow/calf classes. However, the calf at the side of the female is eligible to show in its respective class.
6. Grand and Reserve Grand Champion Cow/Calves pairs do not show for Grand Champion Female and are ineligible to compete in the Get of Sire, Junior Get of Sire and Breeder Six Head Classes.
7. Only one person at a time shall lead an animal into the show ring.
8. Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800-810. These rules can be found at www.angus.org.
9. Altering the conformation and/or appearance of an animal for exhibition is prohibited. This includes the use of chin straps, covering of white skin, false tail heads (or use of any false hair), with the exception of false tail switches. The use of graphite, powders, hemp or other similar substances used externally are also prohibited. Other prohibited products include those used internally such as steroids, illegal or unlicensed pharmaceuticals or artificial filling. Any animal found to be in violation will be barred from showing.
10. At any show for which the American Angus Association approves funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a “white towel” or “white glove” test. No aerosol cans or other pressurized containers will be allowed in designated line up areas.
11. All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.
12. Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.
