NEW THIS YEAR: In coordination with Metro Waste Authority, the Iowa State Fair will dispose of waste livestock bedding as a compostable material. In addition to being environmentally friendly, this program puts our waste to a better use and helps reduce disposal costs. We need the help of exhibitors, superintendents, and attendees to make this program successful. Please make sure to keep bedding clear of unaccepted material such as paper, cans, show supplies, feed bags or leftover food that could disrupt the composting process. Your cooperation is much appreciated!

Please make every effort to keep your entire area clean and neat. The aisles must be open at all times to the public. Thank you for helping us put on a great display of quality show animals for all visitors and other exhibitors.

Reminder: Each chapter will be limited to one set of stall dividers.

If you have any additional questions, please contact the FFA Entry Department by phone at 515-262-3111 ext. 246 or by email ffa@iowastatefair.org.

Thank you and good luck at the 2019 Iowa State Fair!
